Success for all, through learning together.....

Safer Internet Day 2019

Tuesday 5th February is Safer Internet Day and this year's theme is 'Together for a better Internet'. During assembly today the children have been taught about the importance of making positive choices when online and to consider how consent works in an online context.

To support this very important message, the UK Safer Internet Centre have also produced a range of resources for parents and carers. These resources are designed to support you in talking to your child about having a positive and safe time online. They have produced a pack for parents and carers, including conversation starters, a factsheet, family pledge card and more! These resources can be accessed via the Safer Internet Centre's website at <https://www.saferinternet.org.uk/safer-internet-day/safer-internet-day-2019/education-packs/activities-parents-and-carers>

The UK safer Internet Centre have also created an excellent range of parent guides about how you can protect your child/children online for a range of common devices at home. These include tablets, mobile phones and gaming devices. A link to these guides can be accessed via the E Safety link on our school website at <http://www.glenpark.plymouth.sch.uk/community/e-safety>
